*What is it... and how does it affect your joy and your performance?*

Join us for this fun, exploratory, workshop that will have you trying new techniques for your voice, discovering how to use it for self-care, improving your technique, and enjoying the power of confident self-expression and musical interpretation.

**Clare Hedin** and **Nicole Lumetta** are teachers and performers of many years. They love teaching and are on the Voice Faculty of CMC. This is their first collaboration, and they are excited to merge the technical with the intuitive.
